INDEPENDENT AUDITOR'S REPORT

Board of Directors
City of Muskogee Foundation, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of City of Muskogee Foundation, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of City of Muskogee Foundation, Inc. as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019 and 2018

Note 1. Organization and Summary of Significant Accounting Policies

Organization

City of Muskogee Foundation, Inc. (the Foundation) was established as a result of the long term lease of Muskogee Regional Medical Center (MRMC) operations. MRMC is a public trust under Oklahoma law. The City of Muskogee is the sole beneficiary of this Trust. The Foundation was charged with the management of the funds on behalf of the City of Muskogee. The Foundation's mission is to utilize its resources to work cooperatively with the City of Muskogee to develop, support, promote and improve programs relating to education, arts, culture, community revitalization and beautification, social services, health care, economic development, infrastructure, housing and recreation for the City of Muskogee.

The City of Muskogee is the sole member of the Foundation. As the sole member, it appoints the Board of Directors. The City Council (the City's governing body) appoints eleven of the thirteen members of the Board of Directors of the Foundation. The remaining two members serve by virtue of their positions with the city as Mayor and City Manager. Two of the eleven members of the board appointed by the City Council must be members of the City Council.

Basis of presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions.

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor or certain grantor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor or certain grantor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

The Foundation had no net assets with donor restrictions at June 30, 2019 and 2018.

Revenue recognition

Revenues, gains, and other support are reported as increases in net assets without donor restrictions if the restriction expires (that is, when a stipulated time restriction ends on purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restriction and reported in the statement of activities and changes in net assets as net assets released from restrictions. Expenses are reported as decreases in net assets without donor restrictions only. Gains and losses on investments and other assets and liabilities are reported as increases or decrease in net assets without donor restrictions, unless their use is restricted by explicit donor stipulation or by law.

Investment and investment return

Investments in equity securities having a readily determinable fair value and all debt securities are carried at fair value. Investment return includes dividend, interest and other investment income, realized and unrealized gains and losses on investments carried at fair value and realized gains and losses on other investments.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019 and 2018

Note 1. Organization and Summary of Significant Accounting Policies, continued

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and cash equivalents

For purposes of the statement of cash flows, the Foundation considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Receivables

The Foundation charges any uncollectable accounts directly to current operations. All accounts at June 30, 2019 are thought to be collectible.

Property and equipment

Maintenance and repairs which do not improve or extend the useful lives of the assets are expensed as incurred. Additions and betterments greater than \$2,000 are capitalized. Upon retirement or replacement, the costs and accumulated depreciation are removed from the respective accounts and the differences are included in changes in net assets.

Fixed assets are recorded at cost or fair value, if donated, and depreciated using the straight-line method over the estimated useful life as follows:

Office equipment	5 years
------------------	---------

Depreciation expense for the years ending June 30, 2019 and 2018 is \$0 and \$103, respectively.

Income tax status

The Foundation has been granted exemption from taxes under Section 501(c)(3) of the Internal Revenue Code.

Note 2. Marketable Securities and Fair Value

Investments are measured at fair value in the statement of financial position. Realized and unrealized gains and losses are reported in the statement of activities and changes in net assets. Accounting standards establish a three-level hierarchy for the valuation of financial instruments:

Level I – Quoted priced in active markets for identical assets or liabilities.

Level II – Observable inputs other than Level I prices, such as quoted prices for similar asset or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level III – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The investments are overseen by investment managers which have been provided with the investment policy adopted by the board of directors and directed to follow that policy. Additionally, the Foundation maintains an investment committee that provides oversight with regard to the investments.

Growth and income is the Foundation's overall investment objective. The intent of the objective is to provide both current income and future growth to accommodate the Foundation's spending policy plus normal inflation, thereby preserving the constant dollar value and purchasing power of the Foundation for future generations.

Investment performance will be reviewed over a five-year time horizon or market cycle, using the most appropriate benchmarks for the types of investments held. The goal of each asset class is to achieve the total return of its benchmark while maintaining a risk level similar to, or less than, that of the benchmark. The total overall goal for the Foundation is to achieve a real rate of return after inflation that is equal to the spending rate identified in the spending policy.

The Board expects the Foundation's asset allocation policy to reflect and be consistent with the investment objectives and risk tolerance expressed throughout the investment policy. The following guidelines will be used by the Investment Committee in determining the allocation of the Foundation's assets:

Fixed income – The fixed income equity component, including cash and equivalents, shall normally constitute 35% to 55% of total fund assets.

Equities – The equity component of the portfolio shall normally constitute 45% to 65% of the total fund assets.
